

**First 5 Plumas
Plumas County Children and Families Commission**

REQUEST FOR COMMISSIONER APPLICANTS

The California Children and Families Commission Act (Proposition 10) made funds available to local county commissions to promote, support, and improve the early development of children from prenatal to age five.

The Plumas County Children and Families Commission is recruiting a Commissioner to direct the implementation of the strategic plan and determine which services and projects should be funded from Proposition 10 revenues.

The Commission is recruiting a “Commissioner at Large” who may represent any geographic area of the county. Parents and service providers of children ages 0-5 are encouraged to apply. While Commission membership is a voluntary position, reimbursement for gas and child care is available.

Interested individuals may obtain an application packet by calling Ellen Vieira at 530-283-6159 or by emailing first5plumasev@psln.com
